

PlannrAI Sync: AI-powered Event Planning & Management Platform - Complete Venue and Vendor Directory

=== INTRODUCTION ===

PlannrAI Sync is an AI-powered event management system designed to simplify and enhance the process of planning, organizing, and executing events. The platform allows customers to search for venues and vendors using an interactive map, make bookings, collaborate with others in real time, and receive AI-driven recommendations for decorations, budgeting, and planning. Vendors can list and manage their services, interact with customers through live chat, and respond to booking requests. The system integrates key features such as real-time weather updates, vendor reviews, and an AI assistant available in both Bengali and English.

=== PLATFORM FEATURES ===

Core Features:

- Interactive map-based venue and vendor search
- Real-time collaborative event planning
- AI-powered recommendations in Bengali and English
- End-to-end booking system
- Live chat between customers and vendors
- Vendor rating and review system
- Real-time weather and traffic updates
- Collaborative planning tools with task sharing
- Budget management and planning assistance
- Multi-language support (Bengali and English)

User Roles:

1. Customers: Search venues, book services, collaborate on planning, rate vendors
2. Vendors: List services, manage bookings, chat with customers, receive reviews
3. Administrators: System management, vendor approval, platform maintenance

=== FREQUENTLY ASKED QUESTIONS ===

Q1: How do I search for venues on PlannrAI Sync?

A: Use our interactive map feature to search by location, date, capacity, and budget. You can filter results based on your specific requirements and view detailed venue information, photos, and reviews.

Q2: Can I book multiple vendors through the platform?

A: Yes, PlannrAI Sync allows you to book and coordinate with multiple vendors for your event. You can manage all communications and bookings through our unified platform.

Q3: Is the AI assistant available in Bengali?

A: Yes, our AI assistant supports both Bengali and English languages. You can switch between languages and receive planning recommendations, budget advice, and vendor suggestions in your preferred language.

Q4: How does the collaborative planning feature work?

A: You can invite team members, family, or friends to collaborate on your event planning. Everyone can contribute to planning boards, assign tasks, share ideas, and communicate in real-time through our collaborative tools.

Q5: What payment methods are accepted?

A: We accept various payment methods including mobile banking (bKash, Nagad, Rocket), bank transfers, and credit/debit cards for both platform subscriptions and vendor bookings.

Q6: How are vendor reviews verified?

A: Reviews can only be submitted by customers who have completed bookings through our platform. We verify the authenticity of reviews to maintain trust and reliability in our rating system.

Q7: Can I get weather updates for my outdoor event?

A: Yes, PlannrAI Sync provides real-time weather updates and forecasts to help you make informed decisions about outdoor events and backup planning.

Q8: Is there a mobile app available?

A: Currently, PlannrAI Sync operates through our web platform optimized for mobile devices. A dedicated mobile app is planned for future release.

Q9: How do I become a verified vendor on the platform?

A: Register as a vendor, complete your profile with portfolio examples, provide business documentation, and undergo our verification process. Verified vendors receive enhanced visibility and trust badges.

Q10: What support is available if I encounter issues?

A: Our customer support team is available through live chat, email, and phone during business hours. We also provide comprehensive help documentation and video tutorials for platform usage.

=== EVENT PLANNING BEST PRACTICES ===

Timeline Planning:

- 6-12 months before: Book venue and major vendors
- 3-6 months before: Finalize decorations, catering menu, entertainment
- 1-3 months before: Confirm all details, send invitations, coordinate logistics
- 1 week before: Final confirmations, weather check, emergency planning
- Event day: Execute timeline with vendor coordination

Budget Management:

- Venue: 30-40% of total budget
- Catering: 25-35% of total budget
- Photography: 10-15% of total budget
- Decoration: 15-20% of total budget
- Entertainment: 5-10% of total budget
- Miscellaneous: 5-10% contingency

Weather Considerations:

- Monitor forecasts 1 week before outdoor events
- Have backup indoor options available
- Consider seasonal weather patterns in Dhaka
- Plan for monsoon season alternatives (June-September)
- Prepare weather-appropriate arrangements

Communication Protocol:

- Establish clear communication channels with all vendors
- Set regular check-in schedules
- Document all agreements and changes
- Maintain emergency contact lists
- Use platform messaging for organized communication

Quality Assurance:

- Read vendor reviews and ratings carefully
- Request portfolio examples and references
- Conduct site visits for venues
- Taste catering samples before final selection
- Confirm vendor availability and backup plans

=== PLATFORM TERMS OF SERVICE ===

User Responsibilities:

- Provide accurate information during registration
- Respect other users and maintain professional communication
- Honor booking commitments and payment obligations
- Leave honest and constructive reviews
- Report any issues or violations promptly

Vendor Obligations:

- Maintain accurate service descriptions and pricing
- Respond to customer inquiries promptly
- Deliver services as promised and confirmed
- Maintain professional standards and quality
- Keep availability calendars updated

Platform Policies:

- Zero tolerance for fraudulent activities
- Respectful communication is mandatory
- Booking cancellations subject to vendor policies
- Dispute resolution through platform mediation
- Privacy protection for all user data

This comprehensive directory provides complete information about venues and vendors available through PlannrAI Sync for event management in Dhaka, Bangladesh. The platform facilitates seamless connections between customers and service providers while offering AI-powered assistance for optimal event planning experiences.
